

1:15

Tree Grille | 301 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

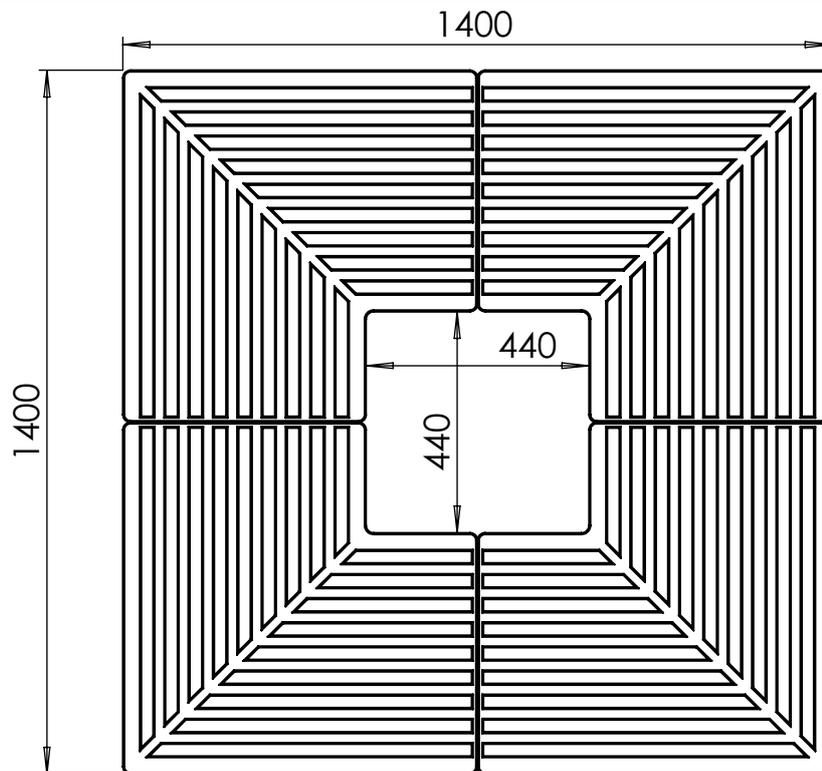

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 302 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

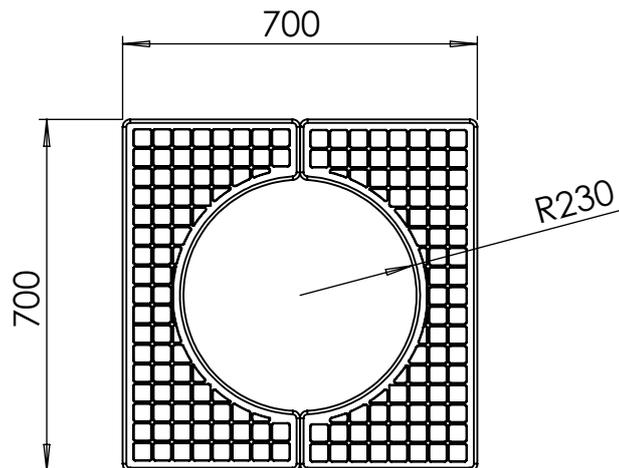

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 303 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

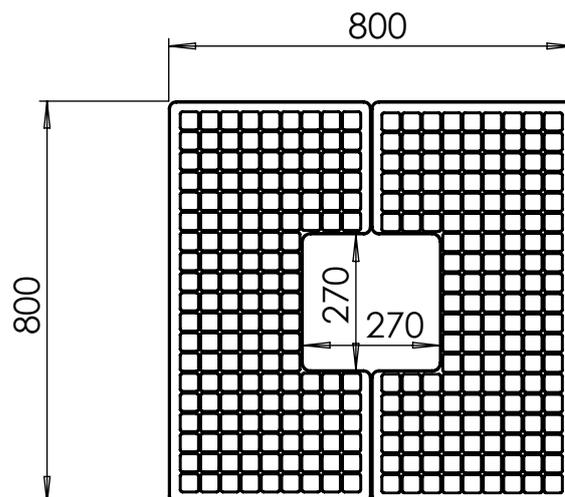

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 304 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

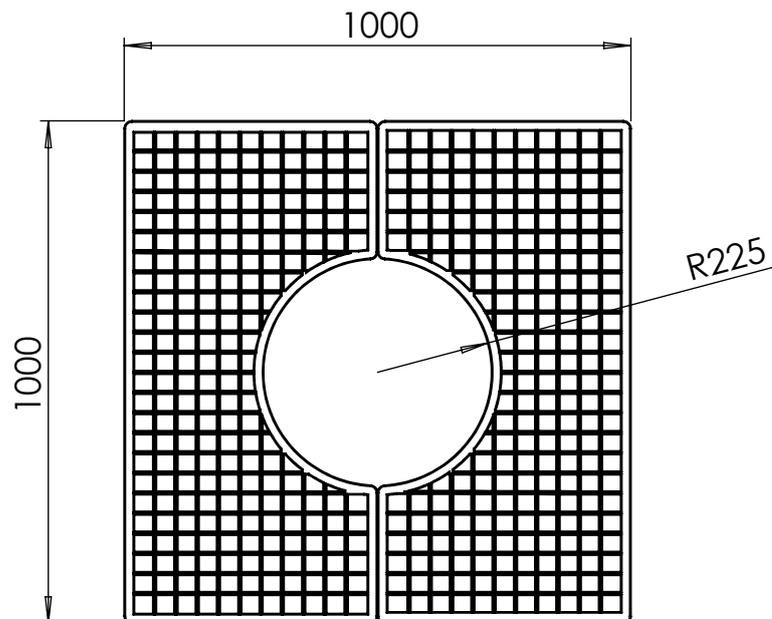

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 305 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

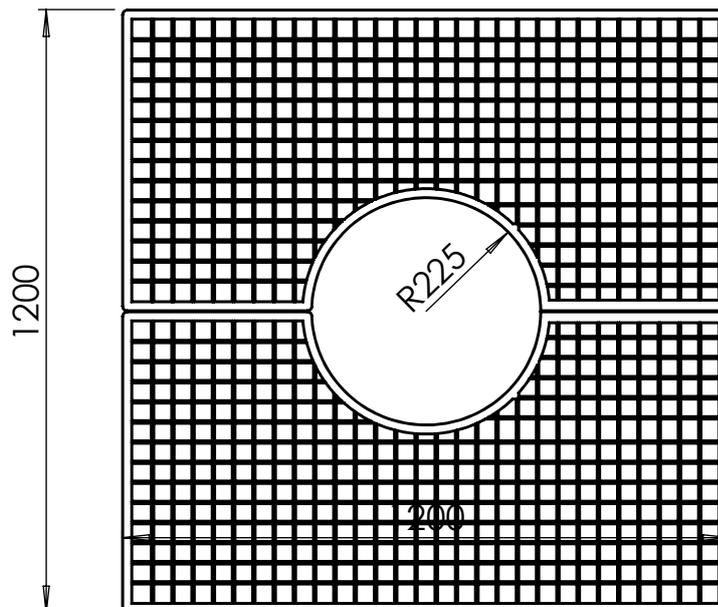

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 306 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

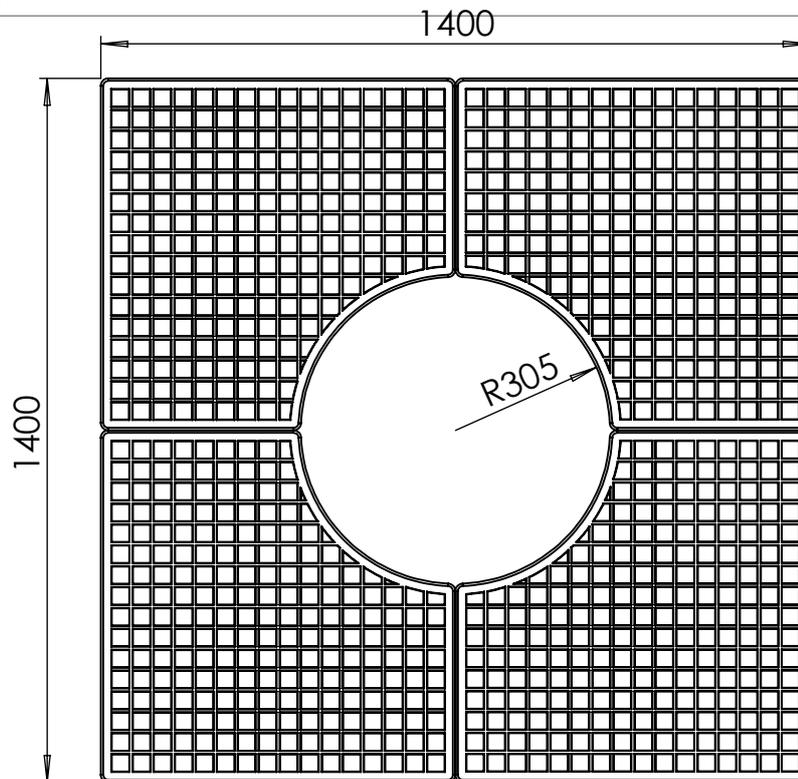

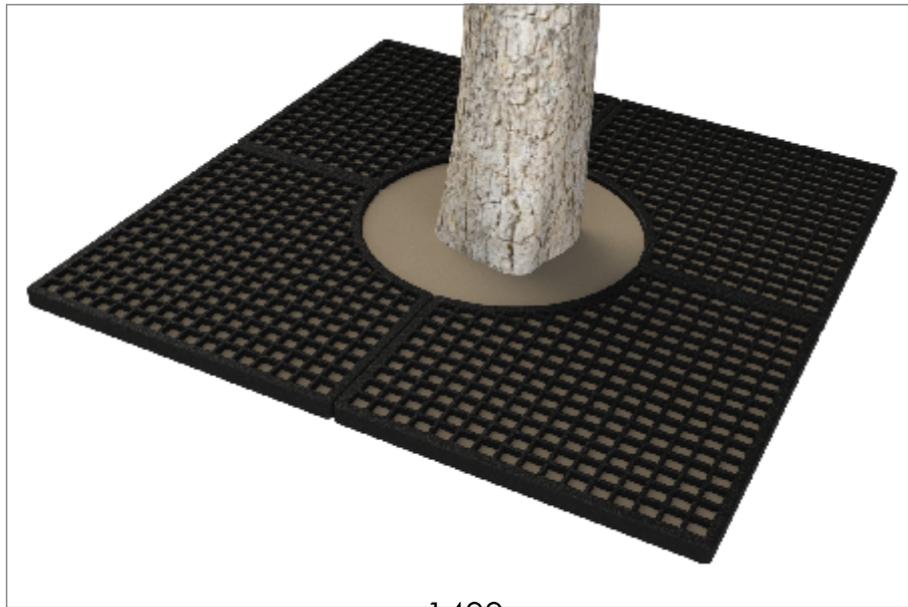

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 308 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

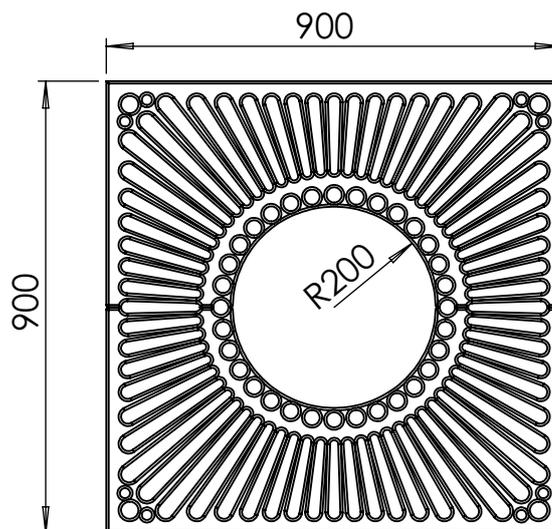

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 309 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

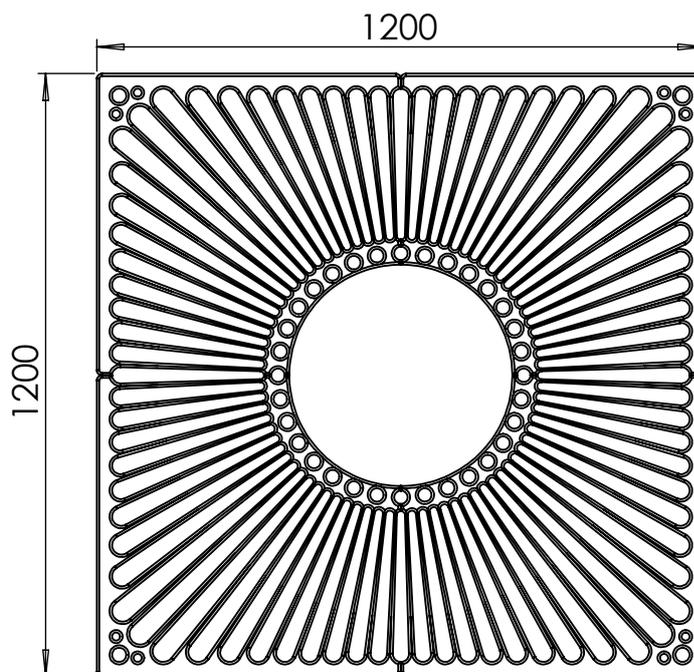

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 310 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

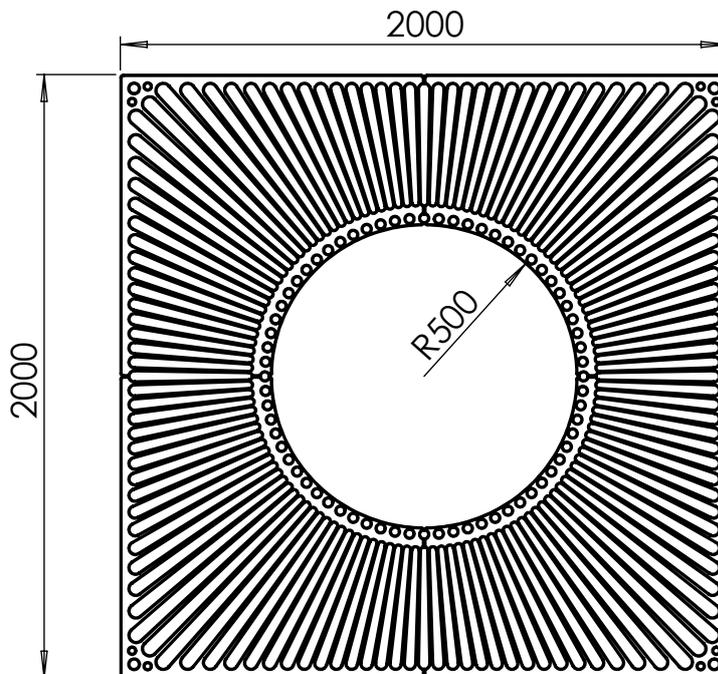

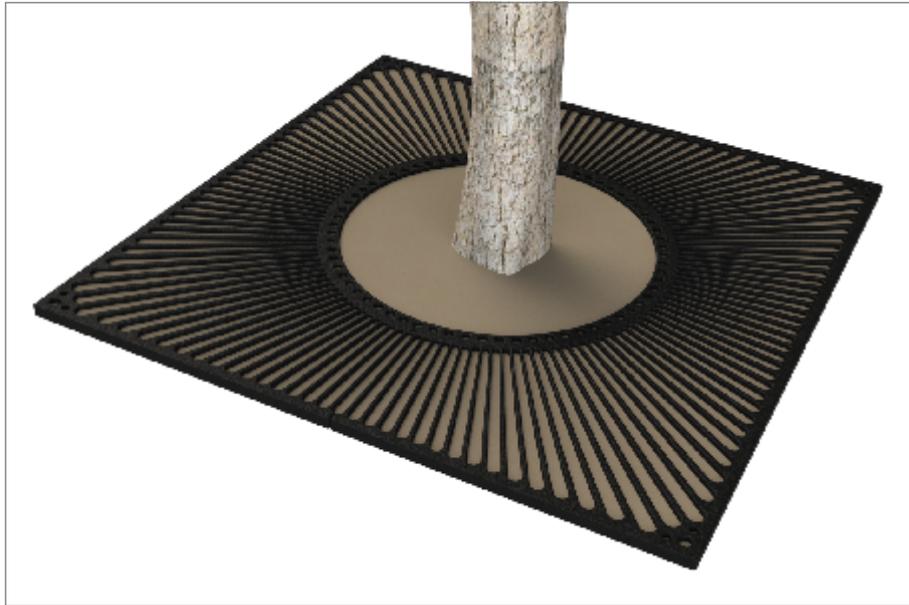

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:25

Tree Grille | 311 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

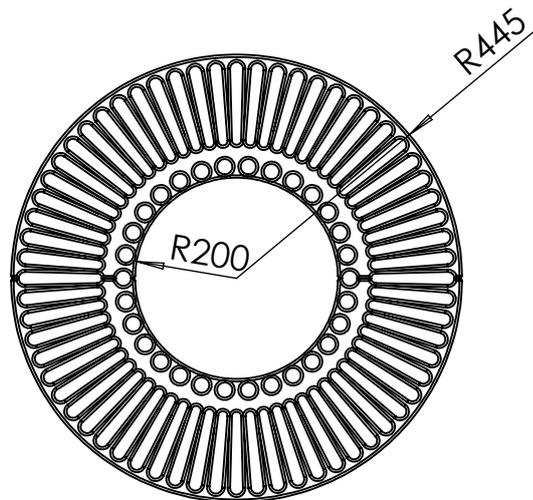

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 312 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

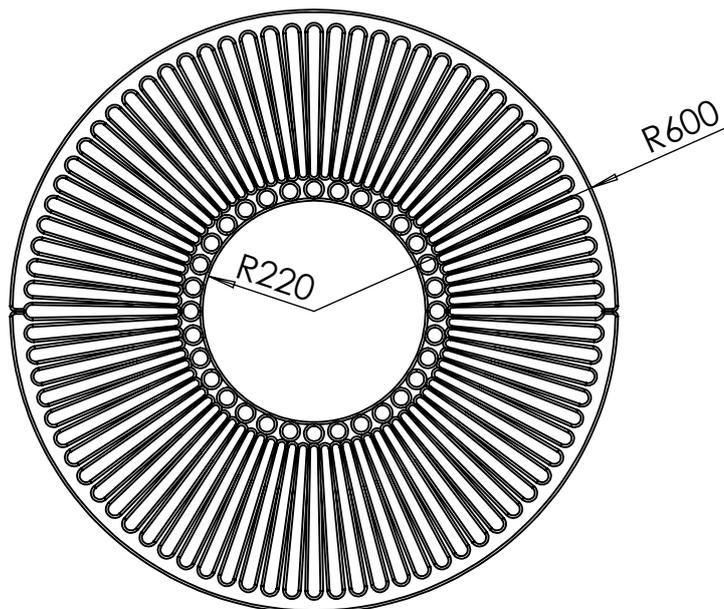

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 313 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

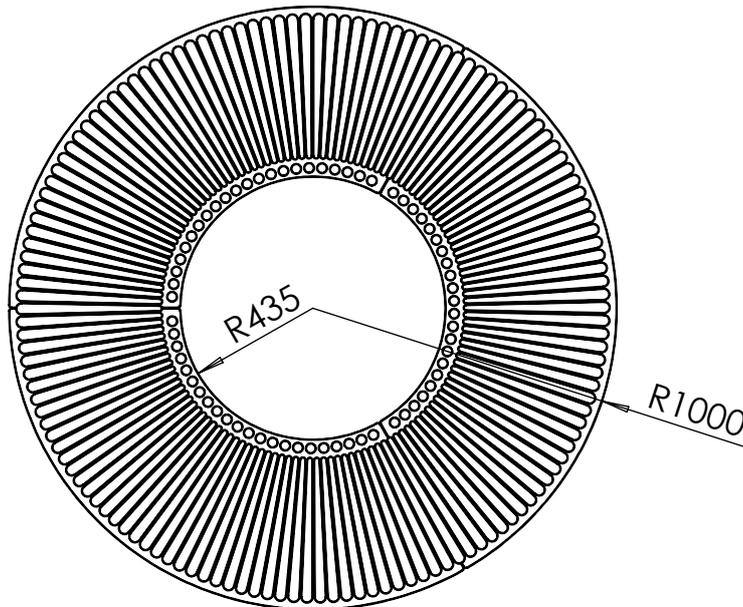

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:25

Tree Grille | 314 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

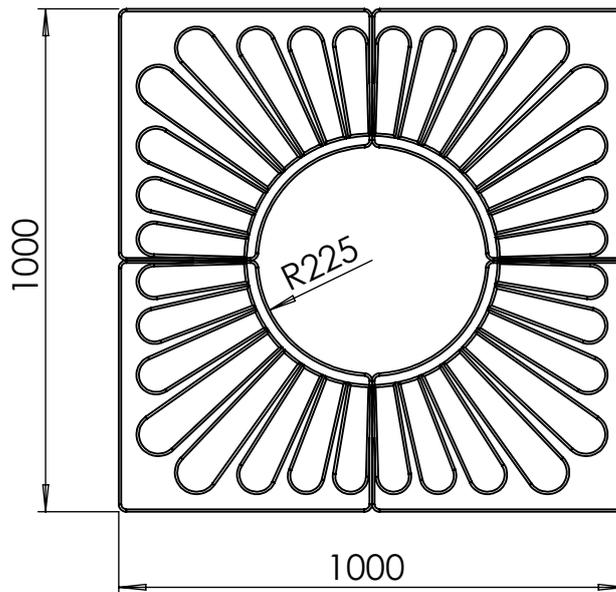

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

GC offers a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 315 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

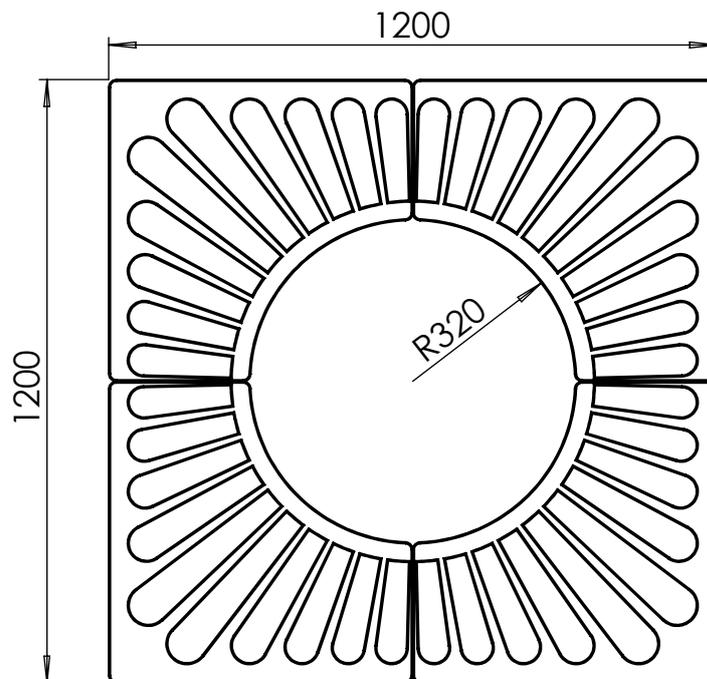

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | ASF 316 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

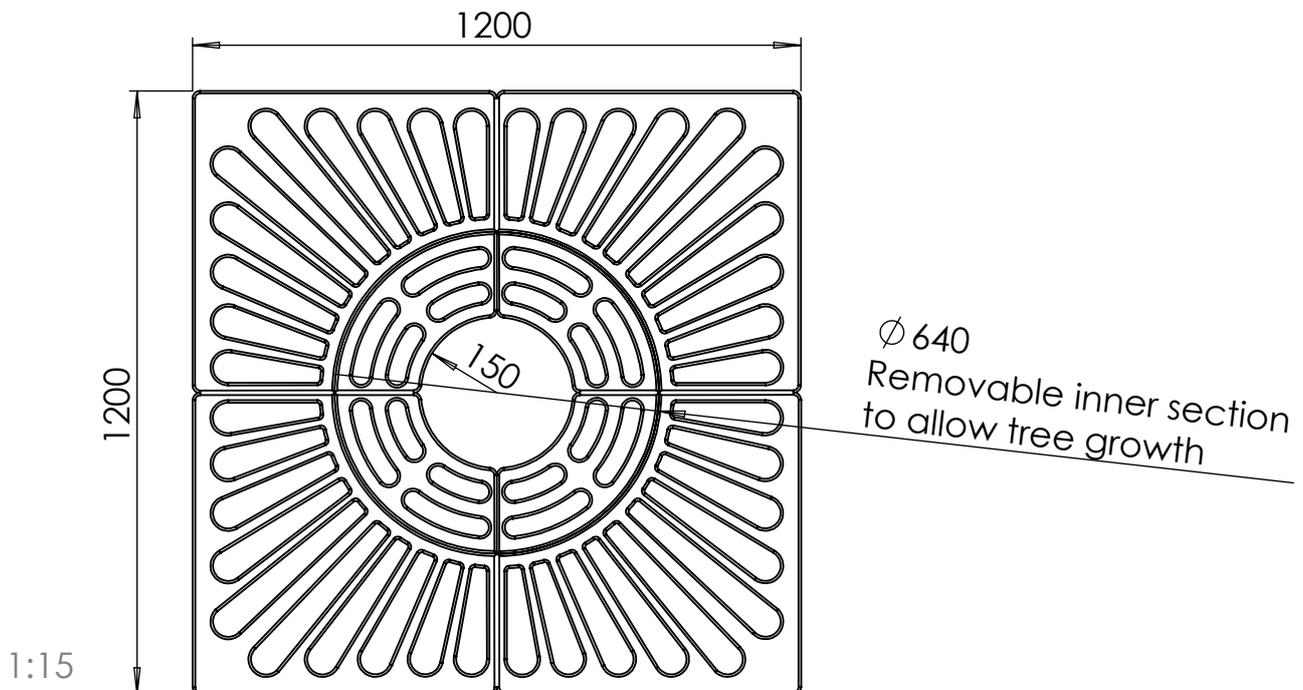

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

Tree Grille | 317 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

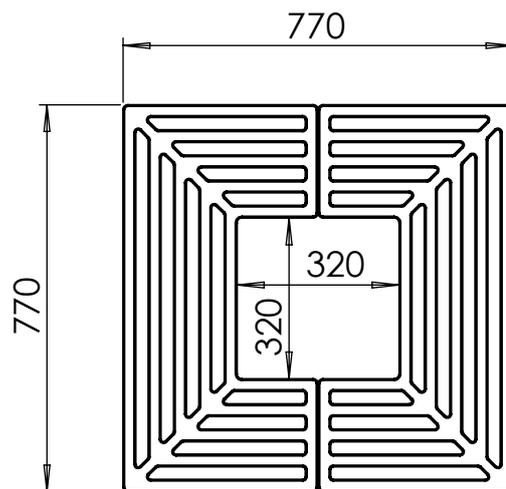

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 319 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

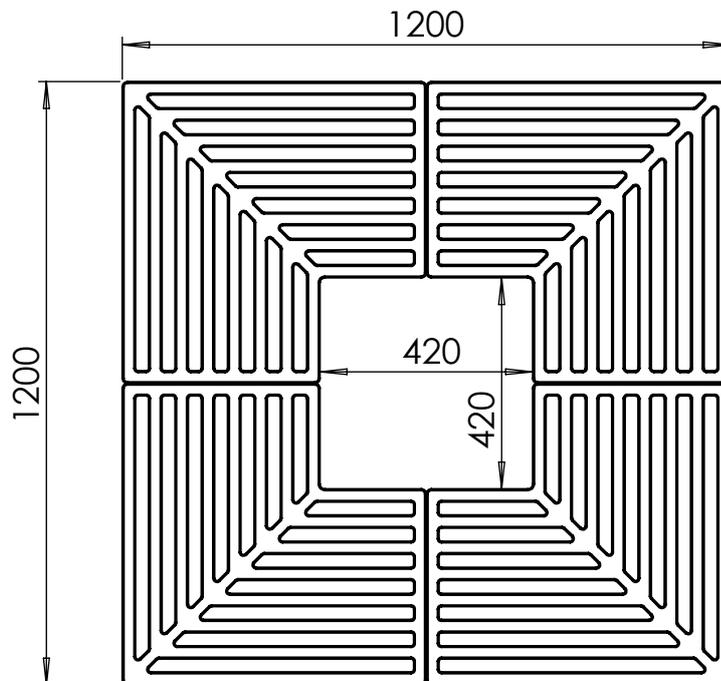

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 320 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

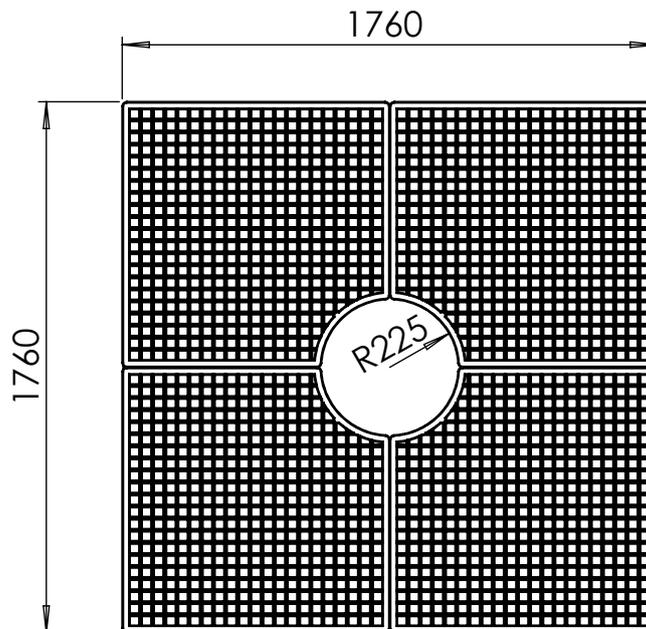

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:25

Tree Grille | 321 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

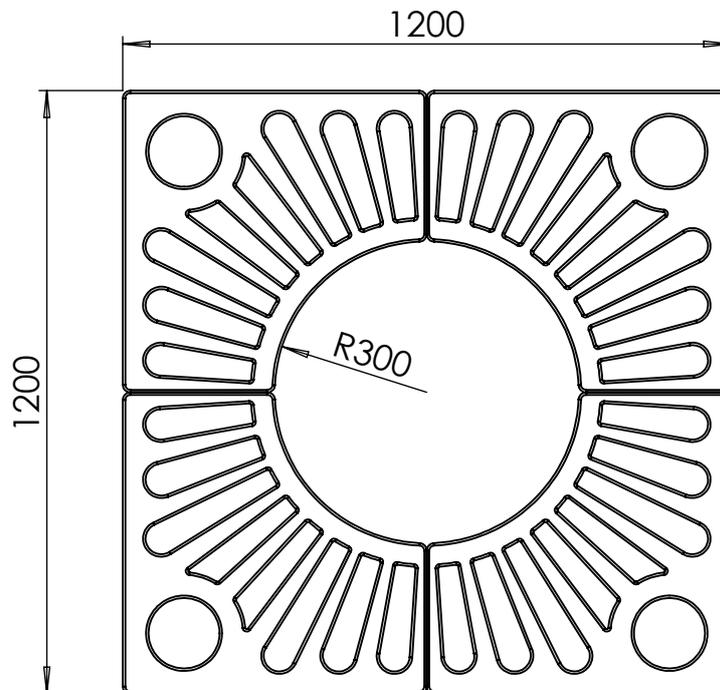

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 322 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

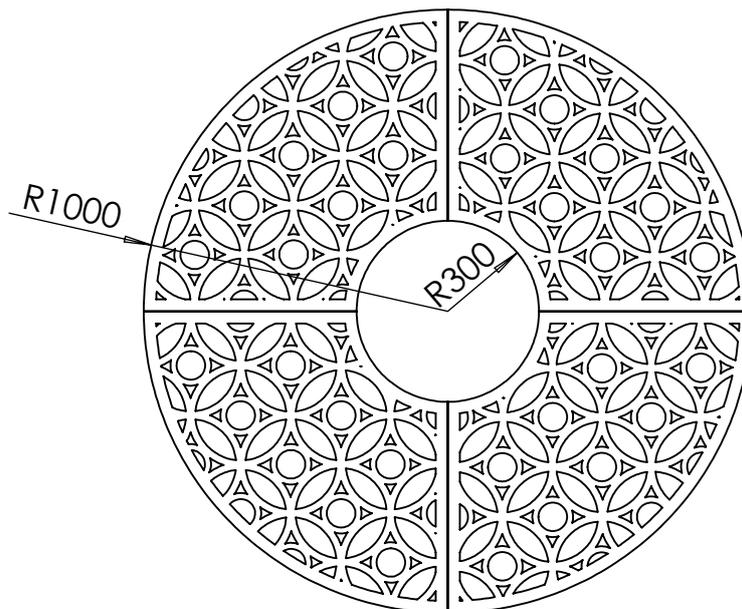

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:25

Tree Grille | 323 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

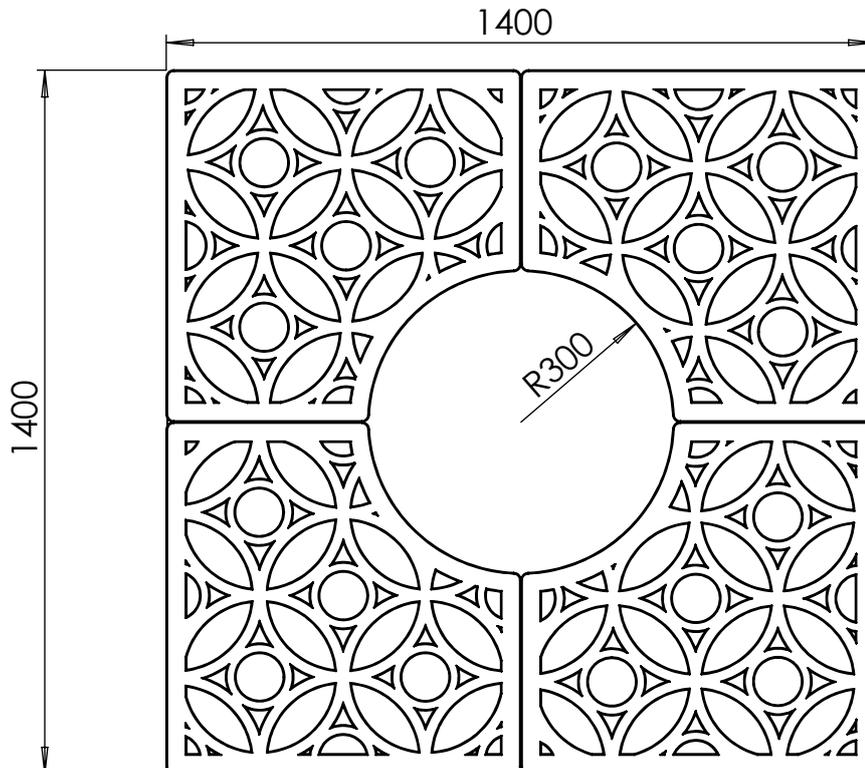

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 324 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

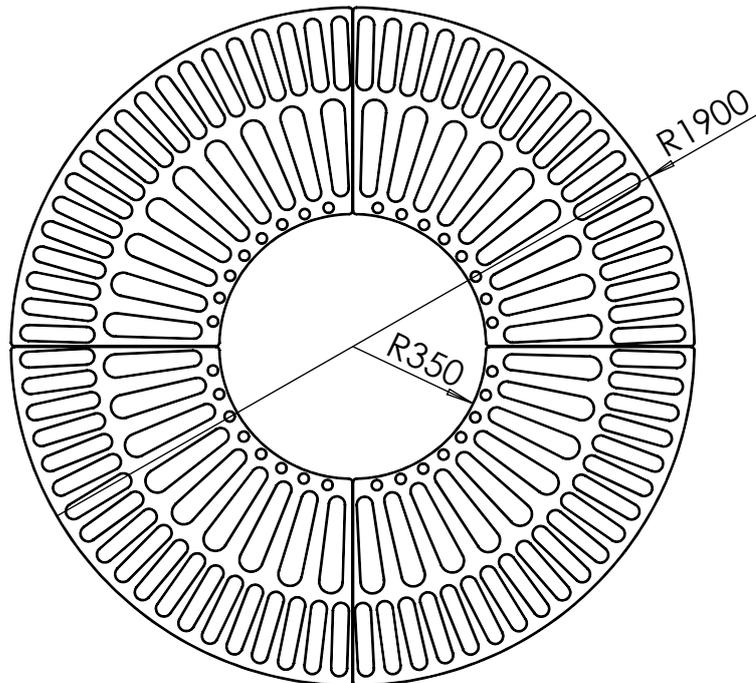

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:20

Tree Grille | 325 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

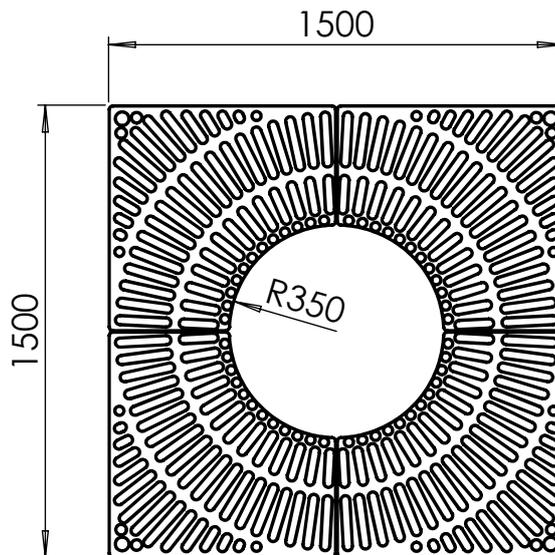

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 326 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

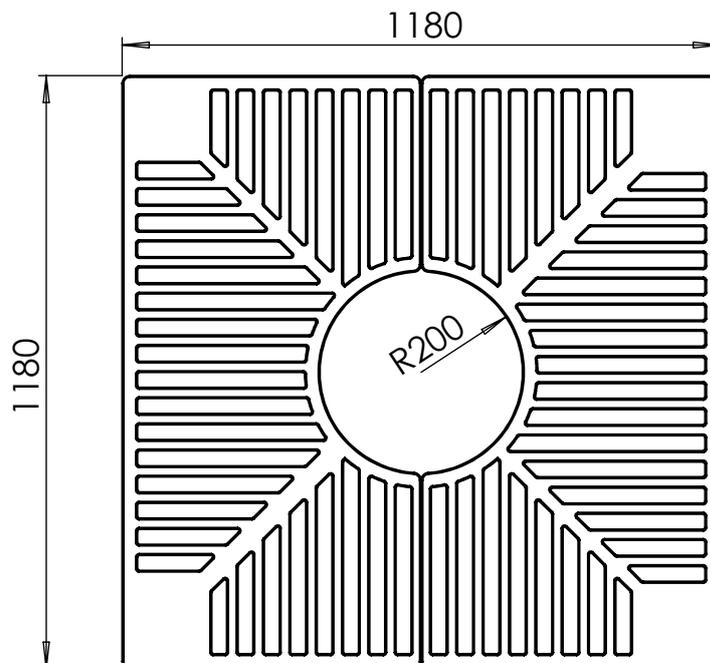

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 327 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

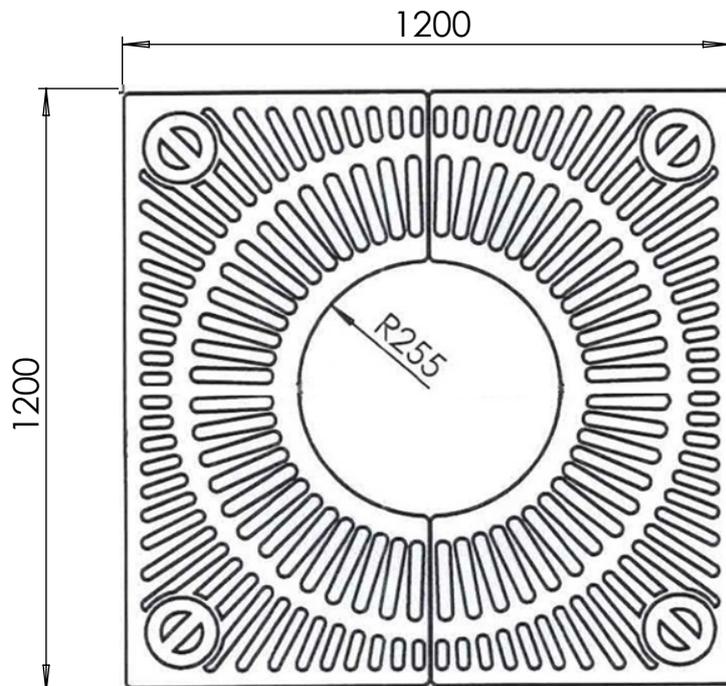

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 328 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

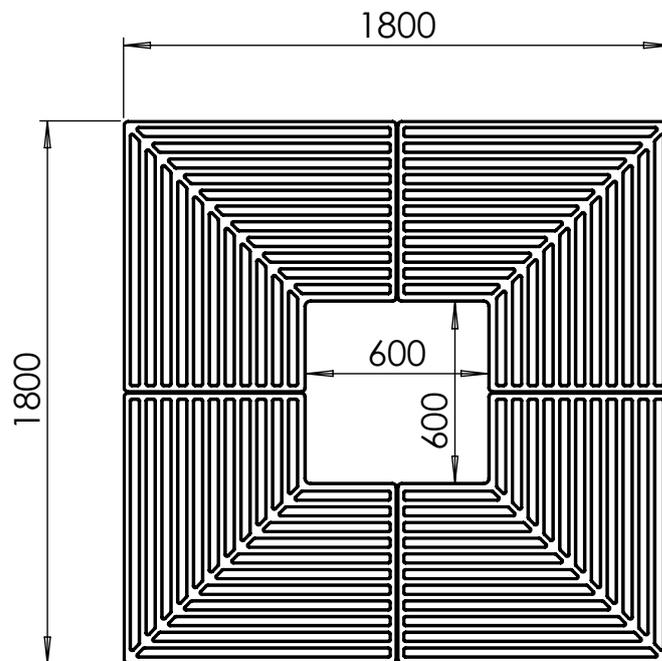

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:25

Tree Grille | 329 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

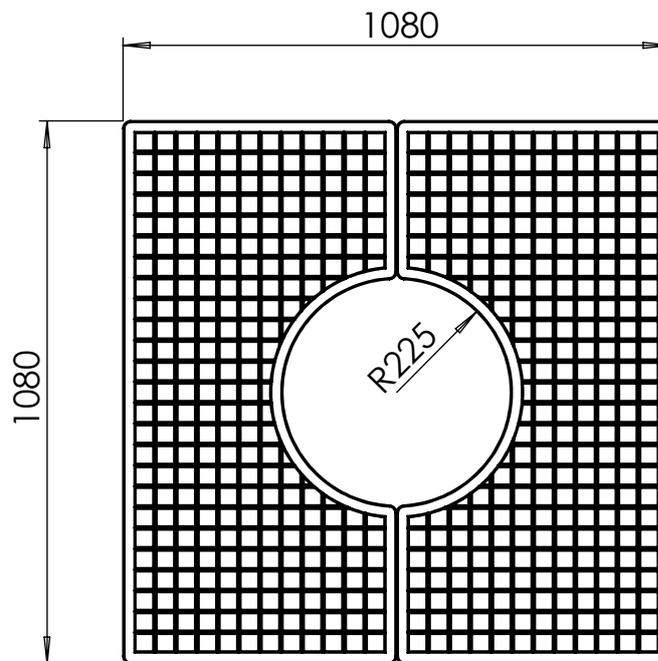

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 330 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

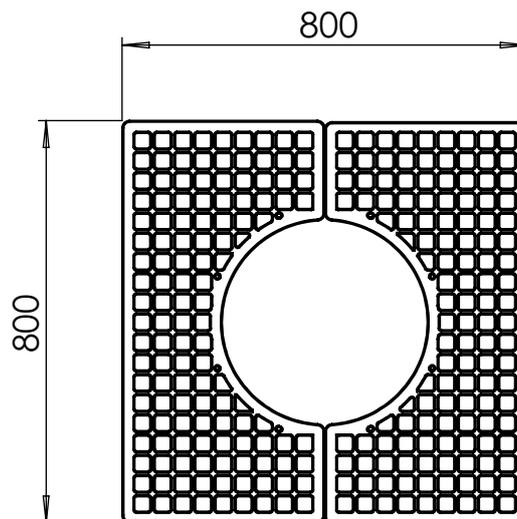

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 331 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

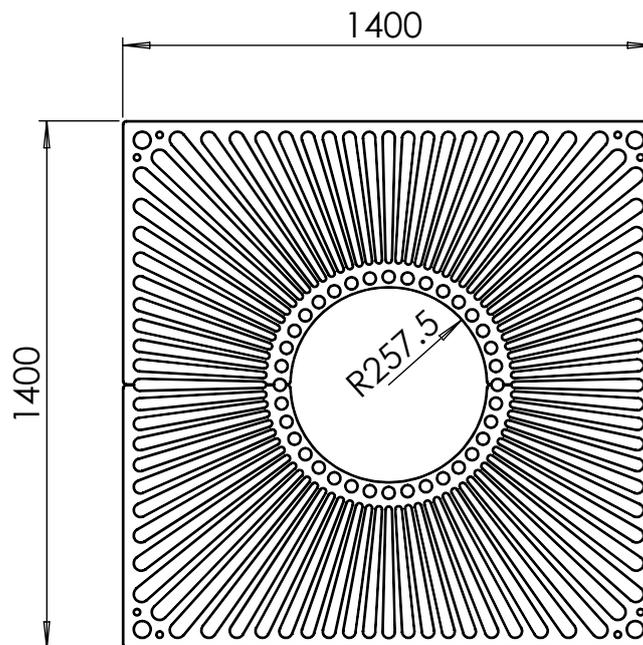

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 332 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

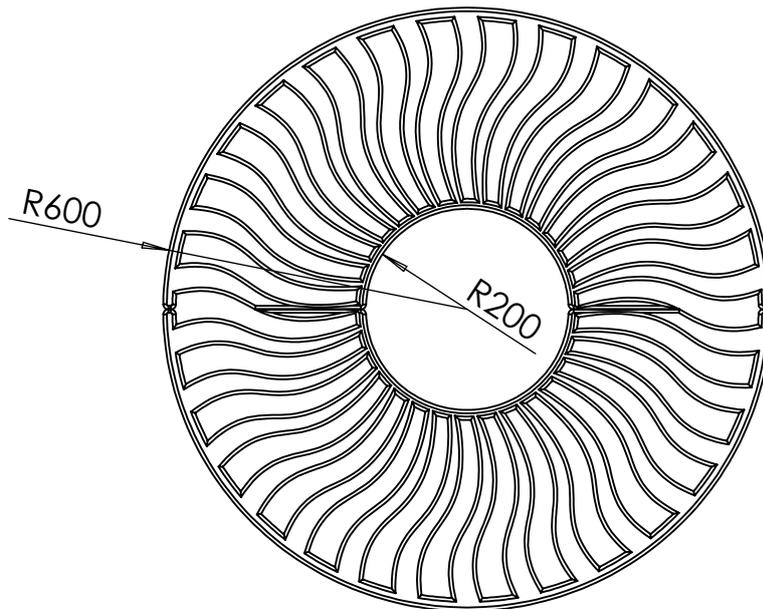

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 333 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

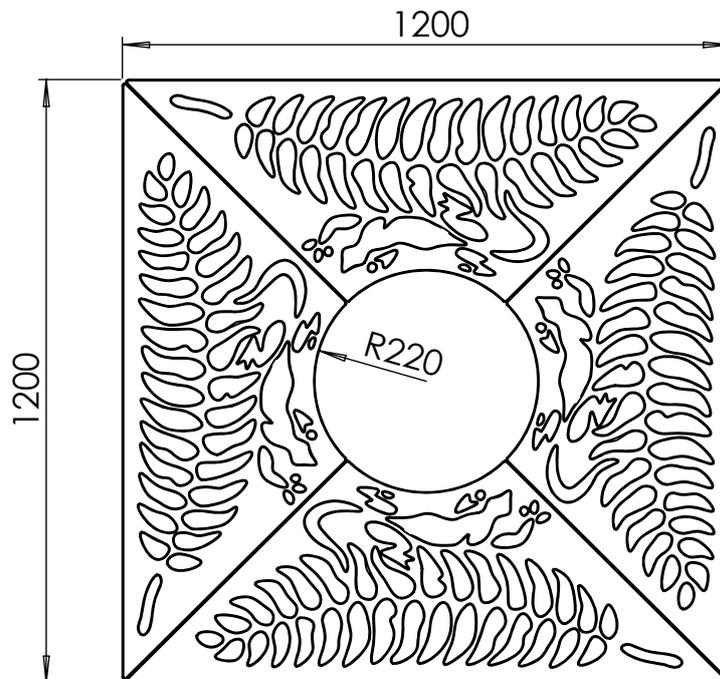

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 334 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

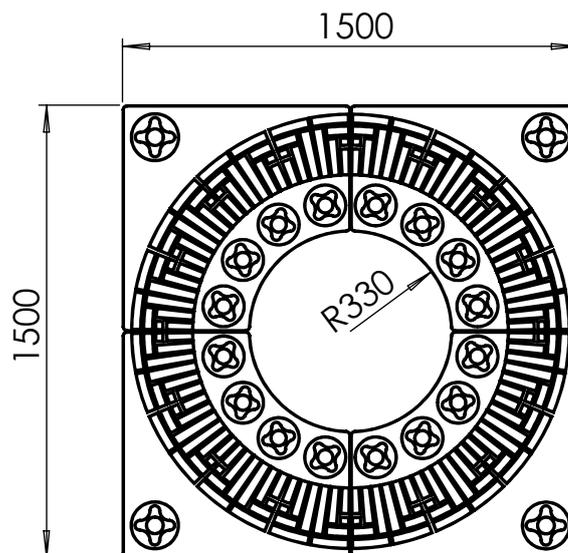

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:25

Tree Grille | 335 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

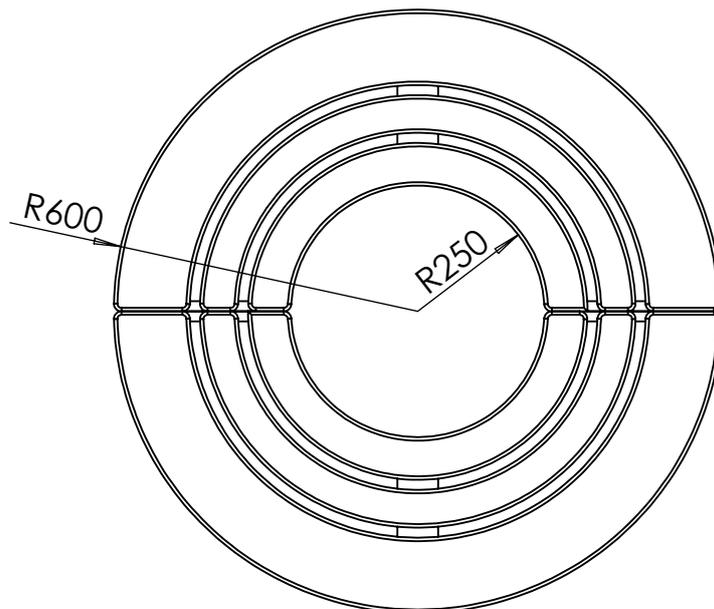

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 336 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

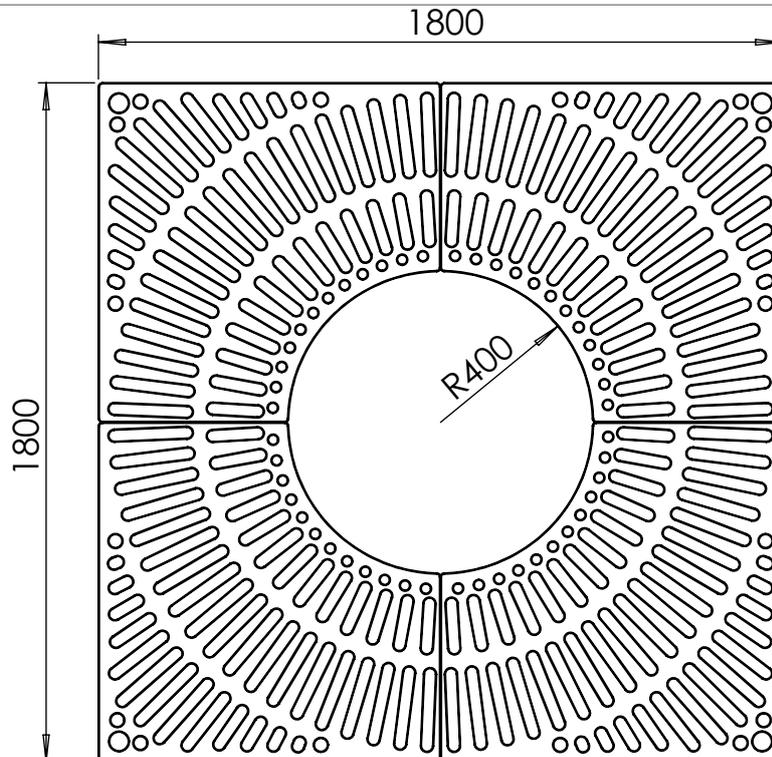

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:20

Tree Grille | 337 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

WE can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

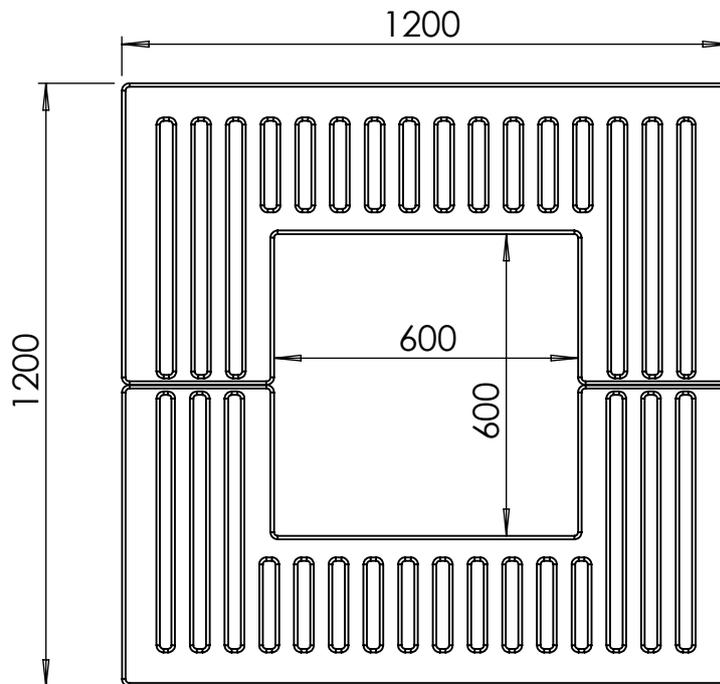

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 338 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 339 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

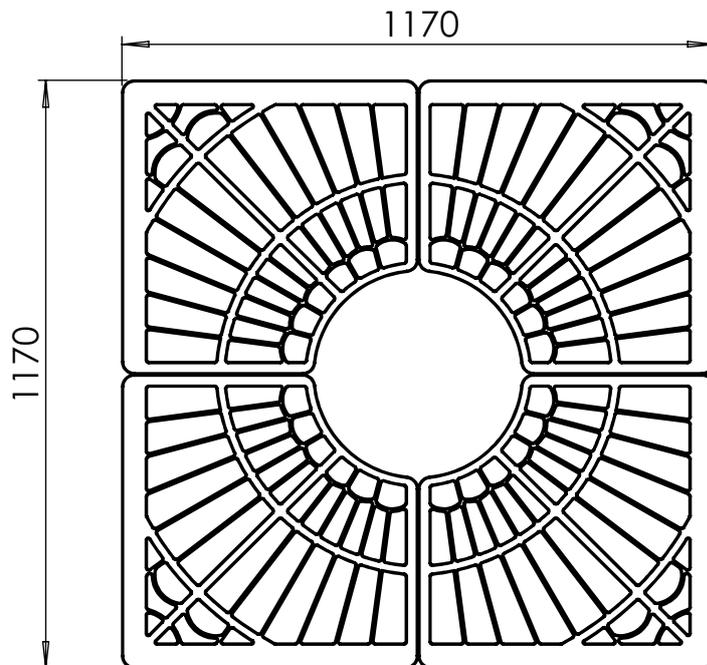

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

1:15

Tree Grille | 340 Recycled Cast Iron Tree Grille

Material:

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron

Standard Finish:

Zinc rich primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour

Irrigation Holes & Covers:

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters

Supporting Frames:

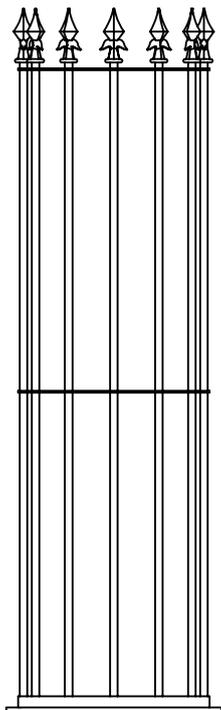

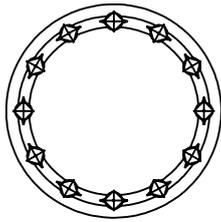

Tree Grilles can be supplied with a range of supporting frames

Tree Guards:

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection. See our section on Tree Guards

Security Clips:

Security Clips are available to prevent unauthorised removal of the tree grille segments and to further increase the systems rigidity

Tree Guards 801 - Bolt Fix Base

Materials

Mild Steel

Standard Finish

Acid etched, zinc rich primed and polyester powder coated in any RAL/BS colour

Optional Finish

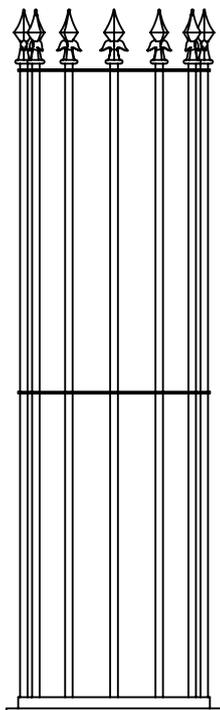

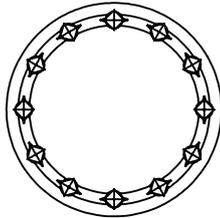

Galvanised to BS EN 1461:2009. Also available in polished stainless steel

Fixing Options

If used with Supporting Frames & Tree Grilles, the base of tree guard bolts directly to the inner of the Supporting Frame. If not used with Supporting Frame & Tree Grilles, the Tree Guards come with 400mm length ground fixing legs

Other Options

Standard Height - 1800mm Other heights on request Standard Diameter - 420mm Outside Diameter. Other Diameters available on request

Tree Guards 802 - Bolt Fix Base

Materials

Mild Steel
