**NEW** AX - Extruded Aluminium Gutter System

**NEW** AX extruded gutters offer an economic metal gutter system, available in a choice of 3 profiles in a range of sizes.

**Applications**

- High capacity gutters for traditional or modern buildings
- Suited to both flush & projecting eaves applications
- Long life alternative to PVC gutters

**Features & Performance**

- 3 gutter profiles available in 3 metre lengths in a choice of sizes
- Designed to fully accommodate thermal movement at every joint
- Lightweight, durable and highly corrosion resistant
- Life expectancy of aluminium: 40 years (rural/suburban areas); up to 25 years (industrial/marine areas)
- Easy to handle and fix
- Aluminium is 100% recyclable

**Colours & Finishes**

- BBA approved polyester powder coatings Factory applied at Alumasc
- 26 standard colours with additional BS or RAL colours available to special order
- Also available in plain mill finish for on-site painting

**Manufacture**

- UK manufactured under ISO 9001 and ISO 14001 factory certified conditions
- Based on aluminium extrusions to BS 1474: 1972, material 6063, T6

**Installation & Fixings**

- Wet sealed and bolted joints - very simple, well proven method
- Gutter joints are secured with screws or bolts through integral holes/slots
- Fixed by brackets as well as an option to direct fix for the moulded profile
- Minimal maintenance requirements
