

A Service & Product Solution Specialist

Marley Alutec is the UK leader in innovative aluminium rainwater and eaves solutions; we pride ourselves in offering a complete service and product solution tailored to each project's needs. Our Technical Services Department can assist you with:

- Correct system choice
- Roof drainage design
- Roof drainage calculations
- Installation advice
- Bespoke design service
- Scheduling quantities
- Fully itemised estimates

All Alutec product specifications and brochures can be downloaded from www.marleyalutec.co.uk. For further technical queries, please call our Technical Services Department on **01234 344108**.

Online calculators

Go to www.marleyalutec.co.uk/calculators to take advantage of our innovative online calculators

- Estimating tool – Produce instant list value estimates for all your Marley Alutec product requirements
- Rainwater drainage design tool – Ensure your pitched and flat roof projects are in full compliance with the rainwater drainage design standard (BS EN12056-3)
- Specification manager – Produce specification documents based on Marley Alutec's wide range of innovative aluminium rainwater products and eaves solutions

Alutec Gutters and Drainage System Colours

Polyester powder coated (PPC) range of RAL colours with 30% gloss finish are available as standard (unless otherwise stated). This includes Heritage Black, which has a textured surface to accurately replicate the appearance of traditional cast iron gutters & downpipes. Please quote the colour reference with your order.

Additional colours, finishes and gloss levels are available, price on application. This chart is a representation of the actual colours, for exact match please ask for sample plates.

Alutec Fascia, Soffit and Coping System Colours

PVDF paint system to a 30-40% gloss level

Kynar 500 fluoroacarbon PVDF external architectural grade paint to a 30 – 40% gloss level. Colours are approximate and for general guidance only. For exact colour and finish reference, samples are available on request. Additional colours are available for special projects subject to a minimum order quantity and lead time. For information on these and the gloss levels, please contact Customer Services, tel: 01234 359438.

Environmental

Marley Alutec is committed to continually reducing its environmental impact and is accredited to ISO 14001:2004.

Handling & storage

All gutter and pipe lengths are supplied in protective polythene sleeving and components packed in cardboard boxes. If polyester powder coated products are stored outside, cover with tarpaulin to guard against water ingress. If water becomes trapped within the polythene wrapping and left exposed to warm sunlight, it may leave permanent water stains on the paint finish.
