

European Classification (Euroclass) A1 Fire Rated paving pedestal.
Manufactured from steel, it provides a super strong support for paving slabs
Large height-adjustable range available for every application.

- Perfect for balconies, terraces, podiums & roof decks
- Will not crack, split or warp
- Highly durable zinc nickel finish provides excellent corrosion resistance

Technical Specifications

Product Material	Mild Steel
Finish	Aztec Zinc Nickel corrosion resistant finish
Height Range	NCP1/D 27-35 mm NCP5/P 95-165 mm NCP2/D 34-46 mm NCP6/P 163-300 mm NCP3/D 44-62 mm NCP7/P 296-458 mm NCP4/D 61-97 mm
Compression	1000kg
Base Diameter	100 x 100mm
Max joist width	60mm

PEDESTAL HEAD

Rigid pedestal head, welded to upper threaded section provides totally rigid support for decking. Accommodates joists of 50mm. Features holes in either side for simple fixing to joists.

UPPER THREADED SECTION

Internally threaded rigid tube, easily allows millimetre perfect adjustment within the given height range.

LOWER THREADED SECTION

Externally threaded rigid tube. Features locking ring, which ensures absolute stability.

WIDE SUPPORTING BASE

Totally flat supporting base evenly spreads the load, protecting membranes and surfaces. Holes enable pedestals to be fixed to surface where applicable.

System Height Ranges

Product Ref: NCP
NBS
Product Reference: NCP - Non combustible Self Leveling Paving Support Pedestal
Material: Mild Steel
Finish: Aztec / Zinc / Nickel
corrosion resistant finish
Size: 28mm to 458mm
Compression: 1000kg

European Classification (Euroclass) A1 Fire Rated decking pedestal.
