VORTX

ALUMINIUM ROOF OUTLETS

PAM BUILDING'S VORTX RANGE HAS BEEN EXPANDED WITH A NEW LINE OF ALUMINIUM ROOF OUTLETS FEATURING FLAT AND DOMED GRATES, DESIGNED FOR FLAT ROOFING PROJECTS. BOTH SPIGOT AND SCREW CONNECTION MODELS ARE AVAILABLE.

Our aluminium roof outlets provide a lightweight, robust and corrosion-resistant option with excellent flow performance to BS EN 12056.

The VortX aluminium roof outlets are manufactured in LM6 Aluminium Silicon casting alloy to BS EN 1706:2010, to suit most roof finishes.

- > Our range can be fitted in almost any type of roof construction, with a comprehensive selection of accessories including threaded adaptors and extending rings.
- > The clamping ring ensures that the waterproof membrane is securely fitted, creating a strong and reliable seal.
- > Installation is quick and easy and thanks to the simplicity of the solution no maintenance is required throughout its 40+ year life.
- > We have designed the range with circularity in mind and as such our aluminium roof outlets are made from 80% recycled material and are 100% recyclable at end of life.
- > Thanks to the corrosion-resistant properties of aluminium all products in this new range have a life expectancy of over 40+ years.

THIS NEW RANGE EMBODIES OUR MOTTO - SAFE AND SUSTAINABLE BY NATURE.
